

### **JUDGES COMMENTS:**

"A really nice aged ginger boar that best combines structure, volume and breed characteristics.

More specifically, he is big and bold within his rib shape and powerful down his top. In addition, I appreciate his two erect ears, wide forehead and two well attached w wattles.

Furthermore, he is correct within his angles and sound within structure. Ideally, I would like to make him wider based and tracking. Yet, he is a nice combination boar of stoutness, muscle and structure."

-Senior Judge Ryan Harrell
